

Information about your BEAR PROOF GARBAGE CAN:

The Wingfield Reserve HOA bought Bear Resistant garbage cans for residents in January 2016 and implemented a Bear Wise policy throughout the neighborhood. **Thanks to our neighbors in Wingfield Reserve and the surrounding communities that are participating in the Bear Wise program, we have had a decrease in bear activity in our neighborhoods.**

Please Remember:

1. The Garbage can is the property of the Wingfield Reserve HOA.
2. WastePro and the HOA maintain a database of all residents that were issued a Bear Proof Garbage Can.
3. The Bear Proof Garbage Can must be left with the house when a resident moves from the community, as it is property of the HOA.
4. Advise your Real Estate agent when listing your home for sale that the Bear Proof Can is the property of the HOA and remains with the home to be used by the new resident.
5. If you have any issues with your Bear Proof Trash can you can contact WastePro or the Wingfield Reserve HOA to help with repair, or replacement of a can.
6. If a Bear Proof Garbage Can is missing from a residence, it will be the responsibility of the Homeowner to replace the Bear Proof Can immediately and inform the HOA to ensure that it is recorded appropriately and service continues.
7. Food waste must be put in bear proof garbage cans for pick up, with lids secured. (Non-food waste can be put out separately if necessary).
8. All Garbage cans must be brought back up from the street same day as pick up, and stored inside the garage.
